The Ilwaco Charter Assoc and all the Organizations signed on below are in full support of H.R 2083. We would also like to take this time thank you Congresswoman Herrera Beutler for all your countless hours of work you have put into HR 2083. If this bill does not pass sea lions will eat Columbia River salmon to extinction throwing away billions of dollars spent on Salmon recovery. Which would have an effect on every coastal town from Northern California to S,E Alaska Non-tribal as well as Tribal, costing thousand of jobs on the West Coast.
